Thanks, Ted. A couple of quick thoughts on your two questions:

Thanks, Kris! OK, maybe we should table our discussion of automation until next week.

Subject: RE: Identifying candidate chemicals and conducting targeted evaluations - Status of Mn

Re automation: I'm expecting a draft report using glyphosate as a case example end of this week or early, I'll share that and would be happy to do a presentation to update group to get feedback.

My goodness, Ila, you are off and running!

Don't get me wrong, I think that is a good thing, but at our meeting on Tuesday, let's first take a step back and get some feedback on my proposal before we get too far down the road.

Deliberative Process / Ex. 5

I would also like Kris to describe (and for us to think a bit about) her "automation" approaches, and how they might be useful for this endeavor (or not).

I'll circulate a proposed agenda for our Tuesday meeting later today.

Thanks!

Deliberative Process / Ex. 5

Im trying to diagram a process as we go, which is attached. Let me know which direction you think we should proceed. Any ideas on how to narrow further are appreciated.

Kris,

Deliberative Process / Ex. 5

We could queue up your questions for discussion at our Tuesday meeting.
